

FUNDEO SNAIL RACING RACE NIGHTS

New & fun experience

Fundeo Snail Racing is great fun and easy to use. It's ideal for fundraising or for entertainment at any event.

The Snail Races are with Fundeo's cartoon snails. Each race is hilarious and most have a twist so you'll never know what to expect next!

Prizes

The audience bet on the snails in each race, and the organisers pay out a proportion of the betting income as prizes to the winning ticket holders.

Easy to run

Fundeo Snail Race Nights are very easy to run. All the races come on just one VHS or DVD video so the show can continue uninterrupted. Just break the security seal on the video case and start the video. Fundeo's talking parrot then runs the show- so there's no need for you to stand at a microphone all night!

Talking Parrot runs the show!

Our talking parrot is called 'Peedy'. Peedy is programmed with artificial intelligence. He describes the procedure for the racing at the beginning of the video and then guides your audience through the event.

Before each race a picture of each snail, together with its name, its sponsor's name, its nationality, age,

weight and tentacle length, are shown in the video.

'Live' interviews with snail champs

Peedy introduces each snail by name and makes a few amusing comments about each one before conducting 'live' interviews by 'satellite' with some of these international, superstar, snail athletes.

Action-packed races

In each race there is a 'foot-stomping' countdown before the snails set off to the blast of a shotgun. They then race over obstacles to the finish line accompanied by a lively commentary. Anything can happen in a race and sometimes the snails meet a sticky end. After each race the results and a replica of the winning ticket are shown on the screen. There is then an on-screen interval where prizes are presented and tickets are sold for the next race. Here the audience are entertained by the video's interval music, on-screen animations and Peedy's antics.

You can run a Snail Race Night for entertainment or to raise funds for your good cause. For fundraising you can (1) sell sponsorship to name a race; (2) sell sponsorship for each snail; (3) charge an entrance fee on the door; (4) sell betting tickets, or (5) lucky dip tickets, at the event, and (6) auction the snails in the last race. For entertainment you can name the snails after your guests. Just watch them giggle as Peedy calls out their names!
